

7TH GRADE SCIENCE @ HARPER WOODS MIDDLE SCHOOL

September 2012

Vocab Cards

Set 2

1. Science
 2. Geology
 3. Astronomy
 4. Cytology
 5. Biology
 6. Botany
 7. Microbiology
 8. Microscope
 9. Cell
 10. Nucleus
DUE 9/11
11. Cell Membrane
 12. Cell Wall
 13. Cytoplasm
 14. Chloroplast
 15. Plant
 16. Leaf
 17. Root
 18. Stem
 19. Soil
 20. Photosynthesis
DUE 9/25

Parents: Look for the new
October calendar this week!

Our science program funds are
supplemented by collection of
General Mills Box Tops so
please clip them and send them in
with your child - Thank you!!

Vocabulary Cards

One reason science is often confusing is that the words are in **L A T I N** and **Greek**!! This year we'll be learning the language of science together, and an important activity to do that is creating Vocabulary Cards. Use 3x5 index cards . . .

Front of Card:
The Vocabulary WORD
AND
A PICTURE You Create
That Represents the Word

Spring: The season that marks the end of winter; Earth's path around the Sun with equal light above & below the equator.

Trees grow new leaves in the spring.

Back of Card:
The DEFINITION of the word (rephrased by you, not copied from the dictionary) AND a SENTENCE using the word
